**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC, We are consumers of broadband in a small, local community, and our provider, Mendocino Community Network, is at risk of losing its access via AT&T's copper lines to our community. It will be a great disservice to the community and to the goal of ample competition in order to keep prices stable if you permit AT&T to discontinue offering copper wire service to local broadband suppliers. Please deny any measure that would threaten the livelihood of local broadband providers.

Michael Moreland
